High Performance, Radar, Photo and Laser Detection

X, K, Ka, Ku radar detection plus
GPS Technology to Pinpoint "Photo Speed Cameras" Located Along Side Your Highways and City Intersections

The **NEW** Bel GX65 GPS Radar Detector is superb for detecting photo speed cameras, red light cameras, X, K, Ka police radar bands and laser. If you live in Phoenix, Houston, Seattle, Memphis, Florida, or any of the major photo speed camera cities, the Beltronics GX65 Photo Radar Detector is outstanding. As well as photographing red light infractions, many of the **intersection cameras** are now **taking pictures** of drivers who go **through a green light above the posted speed**. The Bel GX65 is designed for use in USA and Canada, and offers radar, laser and safety camera detector. Its performance is nothing short of amazing. The Beltronics Pro GX65 photo radar detector is the new standard in total driving protection. It provides a great balance of long range warning against conventional radar and laser guns. A North American database of safety cameras eliminates most, if not all false alarms in your daily driving pattern. There is simply nothing else like the Beltronics Pro, GX65 Radar Detector.
