BELTRONICS STi-R® Hidden, Remote Radar Detector

Front X, L, K, Ka Superwide, POP 3, Ka Euro Narrowband, total Electronic Invisibility to all Police RDD

- Rated #1, Bel STi-R®, 100% invisibility to VG2, VG4, Spectre II, III, IV, IV+ and Stalcar RDD
- Rated #1, 100% detection performance on Over the Hill, hidden radar traps
- Rated #1, X, K and Ka Speed Trap detection at 10 miles
- Superb, Front, High Performance Protection: USA, Euro, Mexico, Chile, AUS, NZ, Canada

High Performance Remote Radar Detector, 100% RDD Invisibility

BELTRONICS is the performance leader in radar and laser technology. The dual LNA (low noise amplifier) microwave antennae deliver the longest possible warning on X, K and especially with Ka radar bands used in USA, Canada, Mexico, and the Narrowband Ka radar threats used in all of Europe.

TotalShield™ Technology - Bel's TotalShield™ technology makes the STi-R completely invisible against any type of Radar Detector Detector. Not only will it keep you unseen by the current VG2, VG4, Spectre II, III, IV, new Spectre IV+ and Stalcar RDD, it will be completely undetectable by any future RDD threats as well.

Digital Signal Processing (DSP) - Bel's patented AutoScan™ feature continuously analyzes all incoming signals and automatically rejects unwanted false alarms. This gives you, the professional driver, the perfect balance of long-range detector performance without those annoying false alarms.

Next Generation of Laser Protection - Multiple laser sensors, strategically positioned in the case, continually search for laser gun signals. Maximum range, including superior off-axis protection, is standard.

Easy-to-Use Options and Controls - The STi-R is simple to use and operate. Preset at the factory, the STi-R is optimized for short or long hauls in North America, Canada, as well as all Europe. However, you can customize up to 9 features to meet your specific driving style.

Clear Digital Voice Alerts - The STi-R is easy to understand digital voice alerts keep you informed without taking your eyes off the road. For extremely noisy environments, simply install the amplified speaker, included.

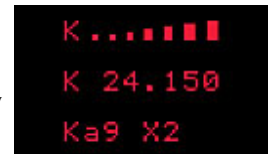

High Definition Text Display - Using the brightest alphanumeric display possible, the STi-R is easy to read from any angle. Choose from three different meter modes.

City Mode Filtering - Choose from two levels of City mode filters, including City Standard and City NoX for quiet operation in and driving around town.

Mute and AutoMute - The STi-R comes with BELTRONICS' AutoMute feature, which automatically reduces the volume level during an alert, or simply press the large front-mounted Mute button on the detector or SmartPlug™ (included) during an alert to instantly quiet the audio.

Brightness Control with Full Dark Mode - The STi-R has four levels of brightness, including an auto mode which automatically changes the brightness based on the ambient light in the vehicle. You can also select for dark mode and use the power-on and alert indicators on the SmartPlug™ for complete stealth operation.

Comes Fully Equipped - The STi-R comes complete with a comprehensive owner's manual, quick reference card, watertight cables, water tight fittings, amplified 12-volt speaker and direct wire SmartPlug™.
