PRS4-GX-45™ GPS Radar Detector + Blinder M45

Hidden Laser, Radar, Photo Detection; X, Ku, K, Ka superwide and POP3 radar

- X, L, K, Ku, Ka Superwide, POP3 Radar Detection – USA, Canada, Mexico
- Total Invisibility to VG2, VG4, Spectre II and Spectre III RDD
- Over-the-Hill Radar Detection – detects 100% @ ½ mile Over the Hill
- Voice Alerts – Radar, Photo Speed Camera and Laser Speed Traps
- Blinder M45 Laser Jammer – Four laser modules to jam all laser guns, front and rear

DOT bans the use of radar detectors in commercial trucks. Virginia/Wash. DC bans the use of radar detectors. MN, CA, NB, TN, VA and UT ban the use of laser jammers. Our products are road certified for performance by Speed Measurement Laboratories, neither company which condones speeding. Bel GX65 is a trademark of Beltronics, Ohio, USA.

X, K, Ka, Ku radar detection plus
GPS Technology to Pinpoint "Photo Speed Cameras" Located Along Side Your Highways and City Intersections

The **NEW** Bel GX65 Radar Detector is superb for detecting photo speed cameras, red light cameras, X, K, Ka police radar bands and laser. If you live in Phoenix, Houston, Seattle, Memphis, Florida, or any of the major photo speed camera cities, the Beltronics GX65 Photo Radar Detector is outstanding. As well as photographing red light infractions, many of the **intersection cameras** are now **taking pictures** of drivers who go **through a green light above the posted speed**. The Bel GX65 is designed for use in USA and Canada, and offers radar, laser and safety camera detector. Its performance is nothing short of amazing. The Beltronics Pro GX65 photo radar detector is the new standard in total driving protection. It provides a great balance of long range warning against conventional radar and laser guns. A North American database of safety cameras eliminates most, if not all false alarms in your daily driving pattern. There is simply nothing else like the Beltronics Pro, GX65 Radar Detector. The **Blinder M45** (optionally M25) will detect and jam all laser guns, giving you time to adjust your speed for several seconds, then turn the M25 or M45 off, allowing the police to detect your adjusted speed.

Blinder M25 & M45 Laser Jammer
